DISAGREE AGIN, SO WHAT'S NEW ... ?

One of th' modern wonders of this World has been th' fact that th' OPEC oil cartel has survived for ten years. Anybody with a smidgen of knowledge of history knows them Ayrahs, Afrikans and South Americans have about as much in common as spiders & flies, but th' easy money they could pry outta th' world not blessed with ample oil sort of cemented their project together.

Like most overly wealthy folks th' OPEC countries alot handied their money too wall in most cases and they have also grown more greedy for th' better things in life, or what they consider better. About th' only things th' Ayrahs agree on completely is their distaste for Christian Infield Dogs and Israelites. On this they git a standin' ovation every time, otherwise they

Kansas City Economist Duncan Expects More Opportunities in 1983, Improved Demand For Farm Commodities, Restrained Recovery

There will be "a little improvement" in farm income in 1983, with most of it coming in the livestock economy, Kansas City Federal Reserve Bank Economist and Vice President Marvin Duncan said here recently.

There will be "many opportunities" for the livestock industry in the 1980s and '90s and beyond, he said. To bring the entire farm sector back to prosperity, there must be an improvement in world-wide demand for agricultural products and at least a short-term decline in farm expenses, Duncan told the annual meeting of Livestock Marketing Association.

Predicting a "restrained" U.S. economic recovery beginning the second quarter of this year, Duncan said this will "set the stage" for extended economic growth with a period of "relative price stability."

However, Duncan cautioned, not only the U.S., but the world economy must rebound for the agricultural sector to recover. And 1983 will not be a good year for the agricultural chemical and farm implement industries, he said.

This prediction was tied to Duncan's assessment of the new payment-in-kind (PIK) program in the grain sector. As acreage is reduced, demand for chemicals, fertilizers and farm machinery will be dampened, he said.

PIK is a "logical conclusion" to the growing problem of over-production of grain, although the benefits from the program, in the form of increased grain prices, probably will not be realized until 1984, he said.

Although the economy did not perform as well in the last quarter of 1982 as economists had hoped, "there were the stirrings of economic recovery," as auto sales, housing sales and housing starts began "turning upward."

The gross national product should grow from 1.5 to 2.5 percent this year, which Duncan labeled a "very restrained" economic recovery.

Duncan also said that the growing federal deficit "hangs over the economy like a dark cloud," and "unless we do something," the deficit will get larger as far into the future "as you care to look."

Along with a prediction that President Reagan will be forced to cut the

DUNCAN

defense budget, as well as the rate of growth in Social Security benefits, Duncan also foresees tax increases both this year and in 1984.

Turning to the world trade picture, Duncan said, "In troubled economic times countries look to protect their own markets." He labeled this move as "very dangerous," saying it can lead to a "spiral of offsetting protectionist measures" abroad.

In response to questions, Duncan said:

He did not think the "social fabric" of the U.S. will accept double-digit unemployment "forever." He did predict unemployment of over 10% through 1983, and said he felt his definition of "full employment" means an unemployment rate of 6-8% percent.

The federal government can live with its projected large deficits "for a long, long time, but the economy can't function very well with them," Duncan said that "unless we get some final decisions made about bringing down the federal deficit, I don't see the economy performing well much beyond 1983."

There is the prospect for some reduction in interest rates. However, on improving economy will bring increased consumer loan demand, helping to boost rates.

How-To In Crop-Swap Plan Told by Texas Wheat Producers

Steps Necessary to Participate, Dates For Action, Limitations Outlined in Rules, Regulations by Association

Last week the Texas Wheat Growers Association released the outline of procedures under which grain producers can participate in the Crop-Swap, or Payment in Kind arrangement for reducing surplus grain supplies. The necessary steps and rules are presented here concerning the plan announced by President Ronald Reagan and his Secretary of Agriculture John Block.

Payment-in-Kind (PIK) for wheat, milo, corn, cotton, and rice was announced by President Reagan at the American Farm Bureau meeting in Dallas and further explained in detail by AS Secretary Block in Houston at the Convention of the National Association of Wheat Growers. Principal details as released are enclosed for your information and study. These are the questions we have been asked most:

Q. Is there a floor price under the PIK grain? A. No.

Q. Can the PIK acres be grazed? A. Yes. Both PIK and RAP acres can be grazed "to the soft dough." Dates to be set by county committees.

Q. Can PIK grain go back in to the loan or reserve? A. No. NOTE: that the 1983 reserve loan has been reduced from \$4.00 to \$3.85, the same as the regular loan.

Q. Will deficiency payments be made

on PIK grain? A. No. (TEXAS WHEAT is requesting reconsideration of this point in order to attract greater participation and make for a more effective program. At this time we have no encouragement or assurance that it will be done.)

Q. Where can more exact and additional information be obtained? A. All County ASGS CED's will have received instructions and materials on the program by Friday, the 21st and be ready to answer questions and start sign-up Monday, the 24th. A public meeting will be held with Congressman Kent Hance, Asst. Secy. of Agriculture John Ford and State ASGS SED, Wayne Mayfield in Hereford, Friday, January 21, at 7:00 P.M. at the Community Center.

A toll free USDA number is also available - 1-800-368-5645 - 7:00 A.M. to 7:00 P.M. (CST) daily.

An Extension Service computer analysis participation work sheet will

be available from County Agents and this office after January 24th.

Signup

1 - Signup will begin on January 24 and end on March 11, 1983.

Producer's Alternatives

1 - To participate in the PIK program, farm operators must enroll in the previously announced storage reduction and required land diversion program.

2 - Operators may enroll the farm in the 10-30 percent of the base PIK.

3 - Operators may bid on the whole base for the farm.

4 - Producers who are projected to receive deficiency and diversion payments in excess of the \$50,000 limit may request a reduction in the required conservation use acreage, or may request PIK at 50 percent of the farm's effective yield for the applicable commodity on the conservation use acreage

Seaberg Ranch Announces Phase IV Sale for Spring

Seaberg Ranch, Wharton, TX, has announced their Phase IV offering of registered Brahman cattle. In making this announcement, John Joyce, partner and general manager of Seaberg Ranch, states that the sale site for this event will be at Angole's Fishermen's Wharf on South Main Street in Houston, TX. The sale is scheduled for 6:00 p.m. on Tuesday, February 22.

Phase IV will consist of 25 bred heifers and 10 herd sire prospects, all halter broken. Most of the cattle in the sale are the result of the Seaberg Ranch embryo program.

Approximately 20 of the heifers offered will carry the services of, or are

aired by, Mr. Seaberg 217, the highest priced Brahman bull sold at public auction to date (\$840,000). Several heifers in the sale are either sired by or carry the service of Registered of Renown bull JMD Eleanta Manao 226-3 or 1W's Rex crata 208.

"In this sale, some of the best genetics available in the Brahman breed will be offered. All of the animals have met and passed the most demanding standards ever set for a purebred Brahman seedstock sale. The 10 herd bull prospects are the best set of bulls we've ever produced," notes Joyce.

A special attraction of the sale will be the pick of one of the top three embryo heifer calves born on Seaberg Ranch during the fall of 1981. These three full sisters are sired by Mr. Seaberg 217 and their is the leading embryo cow for the ranch, Miss Paret 189-1.

The sale will be held prior to the Brahman activities at the Second International Brahman Show and the Houston Livestock Show and Rodeo. Auctioneer for the sale will be Joe Mitchell of Hubbard, TX.

For more information, contact John Joyce, Rt. #2, Box 282, Wharton, TX, 77488 or call (713) 342-2035 or 687-2212.

the Eastern Cornbelt points stronger. Monday's estimate cattle kill at 124,000 was off 1,000 compared with last week but 6,000 ahead of a year ago. Butcher hogs declined from around 25.50 cents to as much as \$1 to 1.25. Monday's

Proposed SS Plan Double-Whammy For Farmers, Ranchers

(CONT. FROM PAGE 1)

Bureau Federation President Robert Delano said today.

"Under the bipartisan Social Security Commission report, self-employed farmers will have to increase payments 43% to meet the combined rate levied on employers and employees," Delano said. "In addition, farmers with employees will have to pay the increase in Social Security taxes on themselves and their employees that has been accelerated to next January."

Those two factors, the farm leader said, constitute a "double whammy" for a sector of the economy already reeling. In large part, because of government policies. "While the government is trying to redress its past mistakes by getting rid of surpluses and promoting farm exports, this latest tax increase will surely reduce net income for the nation's farmers and ranchers," Delano said.

Increasing Social Security taxes without significantly cutting the growth rate of benefits, Delano noted, "doesn't get at Social Security's basic problem: It is overly generous with benefits in relation to what's contributed into it." The newest plan, he asserted, "concentrates almost exclusively on increasing revenues, without getting control of the program's cost."

In addition, the farm leader said, "the commission's solution doesn't deal with the fact that there has been a relatively shrinking pool of workers supporting an expanding group of retirees. In 1950, there were 16 workers paying for each retiree; today there are only three workers paying for each beneficiary. In 50 years, there will be only two."

That problem, Delano said, "seemingly is the wild card in all this, as the commission failed to come up with what it said was needed to get Social Security through the next 75 years." Delano said it is "unthinkable that Congress consider more tax increases for a long-term solution instead of freezing benefits at current levels until basic defects in the law can be corrected."

estimated hog kill at 289,000 was 19,000 under a week ago and 11,000 below a year earlier. Mud continued to be a factor in the cattle trade.

Price trends, quotations on choice and prime steers and heifers and good to choice mixed steers and heifers and Holstein steers and US 1-3 hogs ailing 200 to 280 pounds included:

Commodities Comment

Week Ending January 21, 1983

For several weeks now most commodity prices have been on the rise. The "bulls" have been pointing to a U.S. economic recovery and lower interest rates.

Houston. Bidding will be three super donor cows and twenty-five super donor heifers. Cattle will be available for preview February 21 and 22 in the hotel lot.

For information contact Lee McKellar, Owner, Rt. 5, Mt. Pleasant, Texas 75456, office 214/572-9182, residence 214/572-2200, Lockie Gary, Manager.
WHY DO WE have so much repeat business from commercial cattlemen for our Marley (Marchigiana) bulls? We sell calving ease, disposition, and performance; that's why! Bulls and semen available. CW CATTLE CO. 512/847-2888 Wimberly, Texas 75776

as the moving force to propel prices higher. This higher price trend has been true for grains, livestock, precious metals, currencies and financial futures. That "bull fever" may be nearing a temporary end. The projected record Federal deficits could put a halt to the emerging U.S. recovery, according to Paul Volcker, President of the Federal Reserve System.

On the Chicago Board of Trade the grains continue to show strength in spite of record harvests and suspect demand. The futures prices for corn and beans hit a 4 to 6 month high before settling back on profit-taking. My bias is to sell the rallies. The soybean meal market seems overbought. A setback in prices seems to be near. At this writing March corn closed at \$2.67, March wheat \$2.88, March beans \$5.90, and March meal \$178.40. Watch interest rates for near-term price direction.

On the Chicago Mercantile Exchange the most complex continues to work higher into 1983. The cattle market in particular is the leader. This bothers me somewhat. I would prefer to have the summer month hogs and bellies be the real strength of the complex. But I guess you can't have everything. The

feeder cattle should hit the mid \$70 range pretty quick now. That looks like a good trade. At this writing March bellies closed at \$84.42, April hogs \$56.56, April cattle \$80.92, and May feeder cattle \$80.37.

The metal complex should be close to a near-term top. The entire metal market appears vastly overextended and a sharp break should be near. I still feel that 1983 will witness tremendous "bull markets" in the so-called strategic metals. But when trading the metals one must be quick or end up dead. The wheat in prices that I feel is near should take about 3 to 4 weeks to run its course. So if you must be a buyer... be careful... the bulls are about to take some heat. At this writing April gold closed at \$402.50, April silver \$12.89, April platinum \$401.70, and June palladium \$122.70.

This year should be a great one for the speculator. There are many opportunities ahead for the quick and the imaginative. The trick as always is not to get discouraged. In other words, don't lose all your money on one trade. Keep your powder dry... there's always another opportunity ahead. If you would like further information

on hedging or speculating in the futures market, please contact Jerry F. Webb at (314) 466-3800, Jerry F. Webb, Massion House Center, St. Louis, Mo. 63102.

P.S. Keep your eyes and ears open regarding talk about the federal deficits. If there is any chance that interest rates could go up a point or two before another decline, a sharp price break in all commodity markets should occur.

1982 Red Meat Production Off 4%, Pork Declines 12%

(UNITED FRUIT) — One of the 4% from the October-December 1981 quarter, according to the Crop Reporting Board, Red meat production during 1982 at 37.3 billion pounds (16.0 million metric tons) declined 4% from 1981.

The 1982 production percent change from 1981 by individual components was: beef, up 1%; veal, up 2%; pork, down 10%; lamb and mutton, up 9%.

Comparing October-December 1982 with October-December 1981: Beef production, at 6.82 billion pounds, 12.84 million metric tons, was up 2%. Head kill, at 9.31 million, was up 3% while average live weight declined 3 pounds to 1070.

Veal production, at 110 million pounds, 49.9 thousand metric tons, declined 4%. Cattle slaughter at 800 thousand head, was up fractionally while

average live weight declined 18 pounds to 230.

Pork production totaled 8.64 billion pounds (1.05 million metric tons) down 12%. The 20.8 million head killed was down 13%. However, the average live weight, increased by 1 pound to 265. Preliminary 1982 production was 21 million pounds (113 thousand metric tons) down 15%.

Lamb and mutton production increased 7% to 63 million pounds (2.8 million metric tons), head kill, at 1.4 million, was up 6% while average live weight increased 1 pound to 111.

end local dignitaries and Country Western guests Willie Nelson and Merle Haggard.

The feature of the auction and the top selling service of \$150,000 was the Thoroughbred stallion Storm Bird by Northern Dancer. Storm Bird stands at Ashford Stud, Versailles, KY, and the service was purchased by R. D. Hubbard, Wichita, KS. Hubbard also was the buyer of \$55,000 for a service of the very popular Dash For Cash standing at Phillips Ranch, Frisco, TX.

Funds from the auction will be used to inform and to promote horse racing.

as a sport and the significant economic contribution it can make to the Texas economy.

S. F. Phillips, Jr., president of the Texas Horse Racing Association, stated that, "a recent New York Times article pointed out that the horse racing industry is in a period of transition and that the Sun Belt states are enjoying an unprecedented economic boom from the horse industry. Yet Phillips said, "Texas isn't a part of that boom. Texas has the largest horse population in the nation, estimates run as high as 287,000 Quarter Horses and 78,000 Thoroughbreds in the state, and 127,000 owners and jockeys live in Texas."

With the recent decision by Oklahoma to legalize racing, all of Texas' neighbors have approved the sport. Now tracks are expected in Oklahoma within a few years. South of the border, Nuevo Laredo plans to open a track this spring. And Texas account for up to 50 percent of the crowds at the tracks in Louisiana.

Antiques Show In Fort Worth During Stock Show

The 28th Annual Fort Worth Area World Wide Antiques Show and Sale to be held January 29, 30, & 31, 1983, at the Tarrant County Convention Center South City Exhibit Hall — will be "one of the nation's finest." It was announced today by Van D. Cronas, Manager.

Displaying top quality merchandise for the sale in almost every category, the antiques will be sixty exhibitors from twelve states, including some of Texas' finest.

Included will be displays of the world's best art glass, cut glass, steel log silver, silverware, china, jewelry, antique boxes, porcelain, food molds and French cameo glass, in addition to outstanding antique furniture from all periods and styles in oak, pine, walnut, fruitwood, teak and mahogany. Fine pieces and rare Chinese and Japanese objects will be a feature of this year's show. Another feature is sterling silver pattern matching. Bring a spoon for free pattern identification. Modern, antique and obsolete patterns may be purchased at very substantial savings — 40 percent to 80 percent off.

"We're pleased to have so many fine exhibitors in this show," said Cronas. "Both beginning and long time collectors can learn something from our show. We'll have the greatest selection of antiques ever assembled under one roof," he continued.

"Prices will also vary, with items from just one dollar, to there's something in every price range," Cronas said.

World Wide Antiques has sponsored shows all over the country for thirty-six years. The Fort Worth show will be open from Noon to 9:00 P.M. daily, and from Noon to 5 P.M. Sunday. Admission is \$2.00. Tickets are good all 3 DAYS OF THE SHOW.

Las Lomas Ranch Becomes Partner In Resolution

Buffalo — Las Lomas Ranch, Buffalo, Texas became the most recent member

of a four-way partnership which was the outstanding polled fullblood Simmental bull, Resolution. Dave Swalm, owner of Las Lomas, joins Harry Stafford and Joseph Wheel of S Bar W Simmental Ranch, Weedville, TX, Tom Ralinger of Ralinger Ranch, Cady, WY, and

RESOLUTION

Dick Willard of Blazing Tree Ranch, Bellevue, WA, is a wag this extremely medera, dark red herd sire.

"We knew Resolution is a bull that will improve our program," said Swalm. "His color, ring-eyed and polled traits will have just the right effect on our herd and we're hoping for a 50% polled factor out of the cross. His breeding should bring good prices in the sale ring and we expect to see some tremendous calves out of him. His first calves will be hitting the ground this spring," concluded Swalm.

Resolution is a Zaxou son out of Polaris Regal 81K. There is currently a great deal of Zaxou blood in the Las Lomas herd and Resolution's influence will serve to complement the color and also contribute to the polled factor. Resolution has the long, clean, structurally correct traits which are expected from his pedigree. Resolution is the only polled fullblood "new generation" Simmental bull.

Diamond C Ranch & Georges Creek to Sponsor Tour

Diamond C Ranch and Georges Creek Ranch will co-sponsor a tour of their ranches on Sunday, Feb. 8. This will be an added attraction to the American Simmental Association's Annual Convention and National Show in Fort Worth.

The tour will begin at 8 a.m. with buses leaving the Hyatt Regency Hotel for Diamond C Ranch. Lunch will be served at 12:30 p.m. at Georges Creek Ranch and the group will return to the hotel at 3 p.m.

Simmental Field Day And Gregory Texas G Bull Sale, March 12

Sulphur Springs, Texas — The Northern Texas Simmental Association and Gregory's Texas-G Ranch will conduct a joint field day and Simmental Bull Sale, Saturday, March 12, 1983. The activities will be held at the Sulphur Springs Civic Center in Sulphur Springs, Texas.

The Simmental Field day will begin at 9:30 a.m. and features Dr. Steve Hammett, Extension Livestock Specialist. Dr. Hammett will discuss crossbreeding systems. Charles Rollins, well known cattle judge will critique many of the sale bulls.

The Gregory Texas-G Ranch Bull Sale will begin at 1:00 p.m. The sale will feature 70 head of Simmental bulls from 18 to 24 months old. These bulls are from 1/4 blood thru fullbloods and come from the certified brucellosis free Gregory Texas-G herd.

For information contact Marvin and Betty Gregory, Gregory Texas-G Ranch, Rt. 4, Box 149, Sulphur Springs, Texas 75482, 214/885-4882 or 214/885-6998.

National Western Simmental Results

Nickerson & Stough, Charlotte, MI, lead Generation III to the championship Simmental bull boom at the 1983 National Western Stock Show in Denver. Reserve honor went to HSP Shogun 89M, owned by Elmfield Stock Farms, Okotoks, Alberta, Canada.

In the female division, New Breeds Industries, Manhattan, KS, had the champion with Keopaska. The reserve was Circle B Miss 22N, an entry of Circle B Cattle Co., Geneseo, IL. Circle B Cattle Co. also won the get-of-sire, premier exhibitor and premier breeder. Produce-of-dam winner was New Breeds Industries, and Colville Jackson-Keltyre, Gloster, MS, won the breeders group.

Standing Room Only Crowd for Angus Pen And Carload Show

The Angus pen and carload bull show at the 1983 National Western Stock Show in Denver saw a standing room only crowd. Angus breeders watched judge Jim Bradford, Guthrie Center, Iowa; Greg Butts, Pipestone, Minnesota; and Keith Russell, Plattville, Colorado, select champions from the seven carloads and 17 pens exhibited.

Single Angus, Sergeant, Nebraska, returned again this year to win the grand champion carload title. The reserve grand champion carload was a record price of \$30,000 to Nicky's Restaurant of Estes Park, Colorado. Bill Jacobs, of San Luis Obispo, California, served as the official judge.

Angus Crossbreds Sweep Champion Honors At National Western

Angus crossbreds swept all interbreed steer show grand championships at the 1983 National Western Stock Show. A Stock Show record price of \$80,000 (\$24.39 per pound) was paid for the grand champion steer of the show. The 1,235 pound Angus-Chianina cross, shown by Monty Farles of Leedey, Oklahoma, "Charlie" stood 54.75 inches at the hip and sold for a record price of \$30,000 to Nicky's Restaurant of Estes Park, Colorado. The champion Angus steer in the show, judged by Bill Jacobs, San Luis Obispo, California, was shown by Todd Honer, Alva, Oklahoma. The steer weighed 1,311 pounds and sold for \$23.26 per pound. The reserve champion Angus steer was shown by Jack Moore, Werner, Oklahoma. It weighed 1,202 pounds and brought \$1.65 per pound in the auction of champions.

The top-selling female at the 1983 National Western Centennial Angus Sale in Denver sold for \$36,000 to Belle Point Ranch, Lavaca, Arkansas. Owners, Windy Acres Angus, Harrison, Nebraska, and Bert Skou, Suenos Aires, Argentina, sold one-half flush from six confirmed pregnancies by Dr. Spock from the National Centennial grand champion female. Pictured, left to right: Belle Point Ranch owner Dave McMahon, daughter Jelle, Windy Acres owner Warren Wockman and manager Jerry Fitzgerald.

Top Females Added to Centennial Angus Sale

The 1983 National Western Centennial Angus Sale in Denver had an added feature this year — the selling of a limited number of outstanding females of six confirmed pregnancies. When auctioneer Ray Sims' gavel fell for the last time, the 42 lots grossed \$289,500 to average \$6,893.

The females were the first to sell. Eight were sold for an average of \$16,338. The top seller was the National Centennial grand champion, Windy Acres 1762, Windy Acres Angus, Harrison, Nebraska, and Bert Skou, Buenos Aires, Argentina, offered one-half flush of six confirmed pregnancies by Dr. Spock. She sold for a top dollar of \$60,000 to Belle Point Ranch, Lavaca, Arkansas.

It is shaking the other oil producers pretty bad and they have got the world's brokers on traquillizers around the clock as those billions & billions of dollars of money move out around the world look more and more like the common variety of Bad Debts.

There has been a lot of this OPEC oil money recycled into various countries and projects and some of the better projects in the oil countries have feathered their nests rather more than well. However, this trichery has not been half as strong as when the Big Oil Boys were busy that Ayrab oil far from four bits to maybe \$2 per barrel before the Ayrabs caught on.

How the whole thing is going on is anybody's guess. The OPEC Boys are split all ways from Sunday by various religious sects, racial politics and a general trend toward plain ordinary common sense.

The Situation makes us feel a little like that famous Old Man who bought a ticket on every horse in the race and then sat back yallin' "come on anybody". We just might share his joy and come out with a winner, but who?

Ever thins,
The Editor.

P.S.: The seriousness of the Social Security Mass is appreciated by one and all according to Uncle Sam, but by one there is something a little bit humorous in watching the politicians who made the mass Irvia to class it up. It would be difficult indeed to find a hotter potato any place or any time. Duoh sayas the efforts of all of these special interest groups to get together and pressure the Govmint & Congress to throw in with 'am on their pet peeves is like mkin' a yit. Duoh figners the average Taxpayer would not object payin' whatever it takes to get the country movin' again, but they also don't figger they can print enough money to make the Govmint and Congress spend it wisely. Politicians are no record as the worst money managers ever seen on this earth - Thassall, Brother!

National Western Jr. Shorthorn Results

Both champions came out of the summer yearling class in the junior Shorthorn division of the 1983 National Western Stock Show in Denver. The champion was Lea Ru Te Queen, shown by Tom Adams, Hartley, IA, and the reserve went to RPB Alicia Ann 81, exhibited by Shelly Papa, Metcalf IL.

Other class winners were: Meri-D's Fancie Lassie, Jenat Jordan, Renesha, IN; 5W Trusty Queen T81, Todd Wise, Warsaw, IL; and 7M Ex. ploration, Rodney McAnear, Clarendon, TX.

In the showmanship contest, Shelly Papa claimed the championship.

1983 National Western Shorthorn Results

Grand champion Shorthorn bull of the 1983 National Western Stock Show in Denver was GM Irish Special, shown by Sutherland Farms, Prospect, KY, and Hagariad Farms, Hodgenville, KY. The reserve bull was Honey Dew Rig, Red, owned by Jerry Taylor, Prairie City, KS, and Martin Bros., Harveysville, KY.

In the female division, the champion was Mill Brook Hope 81, owned by Bob Johnson & Shorthorn Genetics, Elh Grove, CA. The reserve was GS Lady Robin 681, exhibited by Carolyn Creeley, Janesville, IA.

Winners of the group classes were: Two Bulls, R. Lee Johnson, Fredericktown, OH; Got-of-Sire, R. Lee Johnson; and Best 3 Head, R. Lee Johnson.

National Western Shorthorn Seedstock Sale Sets Record

A record price for a female was set at the 1983 Shorthorn Seedstock Sale at the National Western Stock Show in Denver. Mill Brook Hope 81, a May 1981 daughter of Deepark Improver 2 consigned by R. Lee Johnson, Fredericktown, OH, sold for \$38,000. Buyer of champion male female was Shorthorn Genetic Engineering, Elk Grove, CA.

Top selling bull was GM Irish Special, a two-year-old son of Lazy D Irish Jack, consigned by Sutherland Farms, Prospect, KY, and Hagariad Farms, Hodgenville, KY. One third interest and no possession in this National Champion went for \$30,000 to the following firms: Carl Jordao, Rensselaer, IN; Mill Brook Shorthorns, Fredericktown, OH; Walter J. Hoyt, Burns, OR; and Madera Ranch, Parma, ID.

Selling at \$10,000 was 7M Explosive Plebe, a Jan. 1981 Explosive 900 cop consigned by 7M Explosive Shorthorns, Clarendon, TX. This bull was a 1982 All-American and sold 2/3 interest and full possession to DJW Irish Shorthorns, Clarendon, TX, and Savall Farms, Florida, TX.

Fifteen females averaged \$1,100, with 19 and 1/8 bulls going for \$811, for an overall average of \$6416.

The sale was managed by Cagwin Cattle Services, Inc., and Bruce Brooks was the auctioneer.

Shorthorn cattle must be in place at the Southwestern Exposition & Fair Stock Show by Friday night, January 28, and will remain in place until Monday evening, January 31.

A Dutch-treat dinner will be held Saturday, January 29, at 8:00 p.m., at Midtown Holiday Inn on South University, Fort Worth, Texas. Breeders, cattle exhibitors, and Shorthorn friends are invited to attend. (Contact Mary Bass, Olina Route, Plainview, 70072 or call 806-285-2121 to make reservations by January 25.)
